

# Because only one type of milk can be the best in the world.

Breastfeeding is one of the most intimate and important moments between mother and baby. With this close togetherness baby receives the best that nature can offer: breast milk. To enable you and your baby to enjoy the breastfeeding period, NUK has put all its knowledge and experience into products to support you in every challenge along the way. The NUK SENSITIVE Breast Pump is gentle and efficient. It is straightforward to use and offers individual, adjustable operation. For that wonderful feeling of always being able to give the best to your baby: precious breast milk. It is never too early to think of the future.

NEW!

## Sensitive
